

Environmental Policy

Carville Switchgear Limited is a specialist manufacturer and installer of purpose designed low-voltage switchboards and is committed to minimising the environmental impacts of its activities, products and services to the best of our ability.

We are committed to:

- understanding and monitoring the environmental impact of our activities, products and services
- continually improving our environmental performance
- protecting the environment and preventing pollution, and
- providing a framework for setting and reviewing environmental objectives and targets

It is our policy to comply with all relevant environmental legislation and with all other environmental requirements to which we subscribe.

Our personnel understand the importance of promoting these aims and undergo training to familiarise themselves with this policy and their obligations under the Carville Switchgear Limited Environmental Management System.

Signed:

A handwritten signature in black ink that reads 'Paul Vedamuttu'. The signature is written in a cursive style and is underlined.

Paul Vedamuttu
